

281—97.7 (257) Supplementary weighting plan for operational services.

97.7(1) Eligibility. Except for students listed under subrule 97.2(6), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment and if all of the following criteria are met:

a. The district shares a discrete operational function with one or more other political subdivisions pursuant to a written contract.

b. The district shares the operational function for at least 20 percent of the contract time period during the fiscal year that is customary for a full-time employee in the operational function being shared, and at least one of the sharing partners also shares the operational function for at least 20 percent of the contract time period during the fiscal year. The 20 percent is measured each fiscal year and for each discrete operational function.

c. Personnel shared as part of the operational function are employees of one of the sharing partners but are not employees of more than one of the sharing partners.

d. If the district shares an operational function with more than one political subdivision, the sharing arrangement is listed only once for purposes of supplementary weighting.

e. If the district shares more than one individual in the same operational function, that operational function shall be listed only once for the purposes of supplementary weighting.

f. No individual personnel shall be included for operational function sharing more than once for supplementary weighting in the same fiscal year.

g. If more than one sharing arrangement is implemented in any one operational function area and the services shared are substantially similar as determined by the department of education, only the sharing arrangement implemented first will be eligible for supplementary weighting.

h. The operational function areas shared include one or more of the areas listed in subrule 97.7(2).

97.7(2) Operational function area eligibility. “Operational function sharing” means sharing of managerial personnel in the discrete operational function areas of superintendent management, business management, human resources management, student transportation management, or facility operation or maintenance management. “Operational function sharing” does not mean sharing of clerical personnel, librarians, counselors, nurses, and curriculum directors. The operational function sharing arrangement does not need to be a newly implemented sharing arrangement in order to be eligible for supplementary weighting.

a. Superintendent management.

(1) Shared personnel must perform the services of a superintendent, in the case of a school district, or chief administrator, in the case of an area education agency, or executive administrator, in the case of other political subdivisions, for each of the sharing partners. An individual performing the function of a superintendent or chief administrator must be properly licensed for that position.

(2) If the services of a superintendent are shared in any of the five eligible years, the district may not also share an assistant superintendent in any year for purposes of supplementary weighting.

(3) Clerical or other support services personnel in the superintendent function area or executive administrator function area shall not be considered shared superintendent management under this subrule.

(4) Shared superintendent services or executive administrator services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

b. Business management.

(1) Shared personnel must perform the services of managing the business operations for each of the sharing partners. Managing business operations would include personnel performing the duties of a business manager or personnel performing the duties listed in the Iowa Code for a board secretary including, but not limited to, board secretary duties listed in Iowa Code chapter 291, or personnel performing the duties listed in the Iowa Code for a board treasurer including, but not limited to, board treasurer duties listed in Iowa Code chapter 291, in each of the sharing partners.

(2) Services of clerical personnel, superintendents, principals, teachers, board officers except those listed in subparagraph (1), or any other nonbusiness administration personnel shall not be considered shared business management under this subrule.

(3) Shared business management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

c. Human resources management.

(1) Shared personnel must perform the services of managing human resources for each of the sharing partners.

(2) Services of clerical personnel, superintendents, principals, curriculum directors, teachers, or board officers shall not be considered shared human resources management under this subrule.

(3) Shared human resources management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

d. Student transportation management.

(1) Shared personnel shall include transportation directors or supervisors. Shared personnel must perform services related to transportation for each of the sharing partners, but may perform different transportation services for each of the sharing partners.

(2) Services of clerical or paraprofessional personnel, school bus mechanics, and school bus drivers shall not be considered shared student transportation management under this subrule.

(3) Shared transportation shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

e. Facility operations and maintenance.

(1) Shared personnel shall include facility managers and supervisors of buildings or grounds. Shared personnel must perform services related to facility operations and maintenance for each of the sharing partners, but may perform different facility operations and maintenance services for each of the sharing partners.

(2) Services of clerical personnel or custodians shall not be considered shared facility operations and maintenance management for supplementary weighting under this subrule.

(3) Shared facility operations and maintenance shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

97.7(3) *Years of eligibility.* A school district participating in an operational function sharing arrangement shall be eligible for supplementary weighting under this rule for a maximum of five years. The five years of eligibility shall include each year in which any shared operational function is included for supplementary weighting. The supplementary weighting for eligible shared operational functions may be included beginning on October 1, 2007.

a. Receipt of supplementary weighting after the first year shall be conditioned upon the submission of cost information provided in the format prescribed by the department of education as part of the certified annual report documenting cost savings directly attributable to the shared operational functions.

b. The documentation shall be filed no later than September 15 preceding the October 1 on which the second, third, fourth, or fifth year of operational function sharing is included for supplementary weighting.

97.7(4) *Contiguous districts.* School districts that share operational functions with other school districts must be contiguous school districts. If two or more sharing partner districts are not contiguous to each other, all districts separating those districts must be a party to the operational function sharing arrangement.

97.7(5) *Consecutive years.* A school district that is eligible to add a supplementary weighting for resident students for a shared operational function is not required to utilize consecutive years. However,

the final year in which a supplementary weighting may be added on October 1 for this purpose shall not be later than the school year that begins July 1, 2012, and the total of all years in which a supplementary weighting may be added on October 1 for this purpose shall not exceed five years.

97.7(6) *Change in sharing partners.* A school district that is eligible to add a supplementary weighting for resident students for a shared operational function may enter into an operational function sharing arrangement with one or more different sharing partners for its second, third, fourth or fifth year of eligible weighting. Establishing a new operational function sharing arrangement in a substantially similar function does not extend the maximum number of years for which a school district is eligible.

97.7(7) *Change in shared personnel.* A school district that is eligible to add a supplementary weighting for resident students for a shared operational function may enter into an operational function arrangement for a different individual in a substantially similar position. Implementing a change of the individual or individuals shared does not extend the maximum number of years for which a school district is eligible.

97.7(8) *Multiple shared operational functions.* A school district that implements more than one sharing arrangement within any discrete operational function area shall be eligible for supplementary weighting for only one sharing arrangement in that discrete operational function.

97.7(9) *Weighting.* Resident students eligible for supplementary weighting pursuant to rule 281—97.7(257) shall be eligible for a weighting of two-hundredths per pupil included in the actual enrollment in the district. The supplementary weighting shall be assigned to each discrete operational function shared. The maximum number of years for which a supplementary weighting shall be assigned for all operational functions shared is five years.

a. The supplementary weighting for operational functions shared is decreased each year based on the following schedule:

(1) The total supplementary weighting calculated for all operational function sharing in the second year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 20 percent of the total supplementary weighting for all operational function sharing in each of the previous years of any operational function sharing, but not reduced to less than zero.

(2) The total supplementary weighting calculated for all operational function sharing in the third year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 20 percent of the total supplementary weighting for all operational function sharing in each of the previous years of any operational function sharing, but not reduced to less than zero.

(3) The total supplementary weighting calculated for all operational function sharing in the fourth year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 20 percent of the total supplementary weighting for all operational function sharing in each of the previous years of any operational function sharing, but not reduced to less than zero.

(4) The total supplementary weighting calculated for all operational function sharing in the fifth year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 20 percent of the total supplementary weighting for all operational function sharing in each of the previous years of any operational function sharing, but not reduced to less than zero.

b. The decrease in the total supplementary weighting as described in paragraph “a” of this subrule shall be applied after any adjustment for minimum or maximum weighting has been applied.

c. The department shall reserve the authority to determine if an operational sharing arrangement constitutes a discrete arrangement, new arrangement, or continuing arrangement if the circumstances have not been clearly described in the Iowa Code or the Iowa Administrative Code.

97.7(10) *Maximum weighting.* The maximum amount of additional weighting for which a school district participating in operational function sharing shall be eligible is an amount corresponding to 40 full-time equivalent pupils prior to any reduction pursuant to subrule 97.7(9). The maximum additional

weighting applies to the total of all operational function sharing rather than to each discrete operational function.

97.7(11) *Minimum weighting.* The minimum amount of additional weighting for which a school district participating in operational function sharing shall be eligible is an amount corresponding to ten additional pupils prior to any reduction pursuant to subrule 97.7(9). The minimum additional weighting applies to the total of all operational function sharing rather than each discrete operational function.

97.7(12) *Filing cost-savings documentation.* Each school district that receives supplementary weighting for sharing one or more operational functions shall file with the department of education documentation of cost savings directly attributable to the shared operational functions. This documentation shall be submitted in the format prescribed by the department of education as part of the certified annual report. The documentation shall be filed no later than September 15 preceding the October 1 on which the second, third, fourth, or fifth year of operational function sharing is included for supplementary weighting.

97.7(13) *Determining cost savings.* The criteria considered by the department of education in determining shared operational function cost savings and increased student opportunities shall include, but not be limited to, the following:

a. The percent of costs calculated as the total of general fund expenditures for all operational functions that could be shared divided by the total of all general fund expenditures, multiplied by 100, in the current year compared to the previous year. The current year is the fiscal year ending on June 30 that includes the October 1 on which the district included any operational function shared for supplementary weighting. The decrease in percent shall be a measurable decrease of at least one-tenth of one percent in the first fiscal year for which cost savings are determined. In a year after the first fiscal year for which cost savings are determined, the percent of costs shall not be greater than the percent in the previous fiscal year.

b. The percent of costs calculated as the total of general fund expenditures for all instruction, student support, and instructional staff support functions divided by the total of all general fund expenditures, multiplied by 100, in the current year compared to the previous year. The current year is the fiscal year ending on June 30 that includes the October 1 on which the district included any operational function shared for supplementary weighting. The increase in percent must be a measurable increase of at least one-tenth of 1 percent in the first fiscal year for which increased student opportunities are determined. In a year after the first fiscal year for which increased student opportunities are determined, the percent of costs shall not be less than the percent in the previous fiscal year.

c. The department of education will adjust the total expenditures to exclude distorting financial transactions or interagency financial transactions. Distorting financial transactions shall be determined by the department of education.

d. If the district cannot demonstrate cost savings directly attributable to the shared operational function or increased student opportunities, the district will not be eligible for supplementary weighting for operational function sharing for that fiscal year.

97.7(14) *Area education agency maximum funding.* The provisions of rule 281—97.7(257) also apply to an area education agency except for per-pupil weightings, minimum weightings, and maximum weightings.

a. In lieu of minimum weightings, an area education agency shall be eligible for a minimum amount of additional funding of \$50,000 for the total of all operational function sharing arrangements. The dollar amount calculated in the first year of any operational function sharing will be used to determine the annual reductions.

b. In lieu of maximum weightings, an area education agency shall be eligible for a maximum amount of additional funding of \$200,000 for the total of all operational function sharing arrangements. The dollar amount calculated in the first year of any operational function sharing will be used to determine the annual reductions.

c. In lieu of supplementary weighting of students, the department of management shall annually set a weighting for each area education agency to generate the approved operational function sharing dollars using each area education agency's special education cost-per-pupil amount and foundation level.

[**ARC 8188B**, IAB 10/7/09, effective 11/11/09]
